

BONNE IDÉE

Bonjour mon amour! Tell me, how do you do? Bonne Idée is an indiepop quintet from Gothenburg, Sweden, that claims that friendship and parties are as important as their music. If that is true, and if their parties are half as good as their music, make sure to put this five-piece on the guest list for your next shindig!

Bonne Idée makes elegant and dreamy music, sometimes low key, sometimes full of joy, but always with a hint of that Nordic melancholy that we love. A Dream of You will make you want to float away on a cloud with the wind in your hair. Just close your eyes and the sheer beauty of this song will take you wherever you want to go. However, if you fancy something more upbeat, It Will Be Back is one of those little pop gems you don't come across too often. With handclaps and magnificently layered vocals, this is pure indiepop perfection.

This single is indeed a fine idea!

Bonne Idée have made some of the most fragile and beautiful pop music it's been my privilege to listen to over the last couple of years, and 'A Dream Of You' is no exception; being a thing of downbeat, understated elegance. Imbued with a particularly Swedish melancholy, it's gossamer-thin and sounds like it may fall apart at any moment - but in a good way. A very good way.
